# **A Lasting Advertisement**

**Insuring Maximum Coverage at Minimum  
Cost Is Now Available**

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or produce, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

## Reference Advertising

---

He who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer and should be part of all national and local campaigns.
